AGREEMENT TO ABIDE BY COVID-19 PROTOCOLS WHEN USING THE MT MAC COURTS

I hereby acknowledge that I have read and understand the below rules and I agree to follow them when using the Mt Mac courts:

- Play only with family members, person living in your household or individuals you believe to be low risk.
- Stay home if you're feeling sick and don't play with anyone who exhibits any signs of illness.
- Do not come to the courts for 14 days if you've just returned to the territory, or if you've been in contact with someone diagnosed with COVID-19.
- All players must pre-book court time. No drop-ins or open play is permitted.
- Arrive at the scheduled booking time and go directly to the **assigned** court upon arrival. Do not swap courts.
- Games will be played at designated times with a 15-minute gap between play times to allow for nets to be erected and dismantled so there is no overlap of players on the court at the same time.
- There shall be no gathering outside of the front gates or on the courts.
- Keep 2 metres (6 feet) away from everyone who is not a member of your household.
- Wash your hands with soap and water before coming to the Mt Mac courts and bring your own hand sanitizer with at least 70% alcohol and use often.
- Use hand sanitizer before and after opening and closing gate.
- Each player must use his/her own pickleballs, clearly marked as their own. Whoever is serving uses their own ball. Other players can pass back the ball to the owner by only using their paddle or foot.
- Don't gather in groups and remember to keep 2 metres (6 feet) apart.
- Bring your own water.
- There will be no outhouse or washroom facilities on the premises this year.
- Do not share equipment with your playing partner or others.
- Avoid all physical contact, such as shaking hands or tapping paddles with other players.
- Avoid touching your face after manipulating a ball, paddle or when you hit the ball to another player.
- Stay on your side of the court and avoid changing ends.
- Use your paddle or foot to send your playing partner's balls to the net or other side of the court.
- If you cough or sneeze, do so in a tissue or in your sleeve.
- Avoid touching door handles, gates, benches and all other objects where the virus could survive. If you touch something, make sure to sanitize the surface you have touched.
- Do not use the benches at courtside.
- Leave the court immediately after you finish playing

- Wash your hands as soon as possible after leaving the courts.

I understand that failure to follow these steps will lead to my court privileges being taken away and I will not be allowed to play at the Mt Mac courts.

I have signed the attached release and waiver of liability.

The submission of this application certifies acceptance of the applicant to abide by the rules, policies and procedures of Yukon Pickleball Association, and Pickleball Canada
